November 7th 2020: How Cybercriminals Take Advantage of the COVID-19 Pandemic

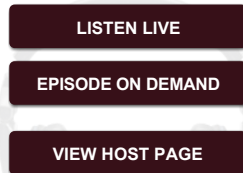

With 2020 being the year of the global COVID-19 pandemic, it has also become the year of globally widespread working from home offices, and attending school online from home. Cybercrime is increasing dramatically in many ways never before seen as a result of these quickly established new working and learning environments. • How has cybercrime increased since the COVID-19 pandemic started becoming noticed? • Which new types of cybercrimes were created to take advantage of the many different COVID-19 circumstances? • What do Europol and Interpol research reports reveal about cybercrimes?
