We all dreamt to be an astronaut and go to space when we were kids, even as adults. My guest did it. Colonel Terry Virts did it. He is one of only four astronauts to have piloted a Space Shuttle, flown a Russian Soyuz spacecraft, performed spacewalks, and commanded the ISS. He served in the United States Air Force as a fighter pilot, test pilot, and NASA astronaut. Col Virts has a unique perspective about the earth, having taken more photos from space than any other astronaut. His photography is featured in his National Geographic book, "View From Above". His latest book, "How to Astronaut

Featured Guest

Col. Terry Virts

Colonel Terry Virts (ret) served in the United States Air Force as a fighter pilot, test pilot, and NASA astronaut. He is a graduate of the U.S. Air Force Academy, Embry-Riddle Aeronautical University, and Harvard Business School. On Feb. 8, 2010, he made his first spaceflight as the pilot of the Space Shuttle Endeavor during mission STS-130. His next launch was onboard the Russian Soyuz TMA-15M on Nov. 23, 2014, from Baikonur, Kazakhstan. In March of the following year, Terry assumed command of the International Space Station (ISS) as Commander of Expedition 43. Virts has spent more than seven months in space. He recently directed his first film, One More Orbit about his Guinness World Reco
