October 13th 2021: Alzheimers . . . A Mystery That Needs To Be Solved!

Tune in

Wednesday at 10 AM Pacific
Time on VoiceAmerica
Business Channel

Due to intensive, worldwide research efforts for more than three decades to better understand Alzheimer's disease, there are still numerous mysteries surrounding the condition of this stealth disease and no immediate answers forthcoming. Arthur Godfrey said that few millionaires could afford the cost of cancer. Another saying has stated that you cannot put a price on your health. I for one would like to dispute that last rendition to say that that the price tag could very well be the highest you have ever encountered or paid because the ultimate cost could be your small business! Alzheim
