January 14th 2022: Creator Reveals Power from Cheers, Chants, Slogans, and Protests

How powerful is human collective thought without divine participation? What is the role of human consciousness, energy, and intention, behind the perceived "home field advantage" in sports? Are there good and bad outcomes from some cheers used at sports events? Can chanting slogans at mass protests backfire? Is joining mass demonstrations just human nature on display, or a possible sign of manipulation? Why is collective singing so enjoyable? Creator explains how prayer and divine healing can save and heal humanity, and suggests a request to the divine that will work. Join us!
