Make America Healthy
Wednesday at 2 PM Pacific
June 8th 2022: Turn Back The Clock & Prevent Disease

"Are you aging faster than you should? Believe it or not, research has now made it possible to reverse cellular aging! The ramifications for our health and longevity are astonishing. A conventional physical in your 20s is not the same as a conventional physical in your 40s or 50s. This is because the more you age, the more likely you are to have age-related diseases such as high blood pressure, high cholesterol, diabetes, decreased mental sharpness, sexual dysfunction, osteoporosis, arthritis, and more."-Learn with Dr. Mahsin about regenerative medicine, and how you can reverse aging.

Featured Guest

Dr. Mahsin Habib

Dr. Mahsin Habib began his medical journey in 1988 as a student at the University of Sheffield Medical School in England. Upon graduating in 1993, he began working at the Department of Accident and Emergency at Good Hope Hospital and the Department of Psychiatry at Highcroft Hospital in the UK. Then in 1996, he left for the United States, accepting an externship in cardiology in Arizona and, shortly after that, an Internal Medicine Residency at Baystate Medical Center in Springfield, MA.?? Dr. Habib's passion and determination for health and medicine began to evolve during his time in the US. In 2000 his residency ended, and he began to work on a different approach, integrating fitness and n
