Thursday at 9 AM Pacific
June 23rd 2022: Encore Outrageous Gumshoe Stories

Whenever a group of private investigators get together, there are war stories. Sometimes, no matter how much planning has taken place ahead of time, the law of Murphy does its work. This particularly true for those private investigators who specialize in surveillance and worker's compensation fraud. If a situation is going to go south, it has a high probability of happening during a surveillance, whether it is moving or stationary. Join Scott Fulmer, a private investigator who has many outrageous stories to share from his experiences over the past 20 years.
