Technology Revolution: The Future of Now
Wednesday at 8 AM Pacific/11 AM Eastern
**September 14th 2022: The Future of Creativity:
Is Technology Helping or Hindering?**

The Buzz 1: "What will be the most coveted skill of the future?...Creativity...A computer lacks imagination or creativity to dream up a vision for the future...the emotional competence a human being has... We must embrace and develop our creativity, and then use technology creatively to solve problems of the world." [forbes.com/sites/annapowers] The Buzz 2: "When you think about old masters of art such as Pablo Picasso, Rembrandt, Van Gogh, you can clearly understand why their paintings are valued at a high premium: because of their inherent innovation and creativity...Leonardo Da Vinci's painting S
