

Vision Talk Radio with Dr. Bob Archives Available

We interview experts in the eye care industry. Topics include how your vision impacts your ability to perform in school, work or even in sports. The second area will deal with the eye itself. New developments in eye surgery and treatment of certain eye diseases such as diabetic retinopathy and macular degeneration and glaucoma are discussed. Systemic disease and its effect on the eyes will be one of the topics discussed. Diet and the use of vitamins will also be a topic of discussion. Vision training and rehabilitation of one's vision after traumatic injury will be discussed.

I invite
