October 10th 2007: Life of a CIO in 2012

Business and IT are changing at a warp speed. IT leadership is on its toes playing catch-up with a mandate to make IT lean and do more with less. On top of that, we have the baby boomer exodus which will be leaving IT departments with an acute manpower crunch. If you are an over worked CIO who has had enough already, you can imagine work life 5 years from now. If you are a CIO aspirant, assess if this is still the job for you, and buckle up!
