**November 17th 2008: Empowering Individual Investors to Profit in This Volatile Environment**

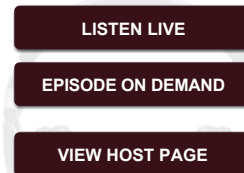

Joseph Greenspan and Rick Von Der Sitt, the two principals at Wealth Diagnostics, have come up with a system of analyzing investments that allows individual investors to earn market-beating returns with minimal risk and at low cost. They use their proprietary cash flow model to figure out which industry groups will outperform and underperform the overall market, and then they construct model portfolios of Exchange Traded Funds allowing you to ride the winners and avoid the losers. In this interview, they explain how the system works and how you can profit in the current environment using the W
