## Changing the Game with Industry 4.0 in the Intelligent Enterprise Thursday at 6 AM Pacific /9 AM Eastern

Industry 4.0 changes everything. Automation and built-in intelligence make a difference at every step of your business, helping you deliver individualized products and services with the efficiency of mass production.

The digitization of the industrial production environment in factories, plants, and warehouses is driven by technology innovations which appeared in the aftermath of the Internet and cloud revolution: Internet of Things (IoT) connecting devices, machine-to-machine communication, distributed computing, new edge and cloud technologies, times series and big data lakes, machi
