**December 24th 2009: Christmas 2009 - First
Series Roundtable "The 3D Entertainment
Debate"**

This first in the series Roundtable program brings together four industry professionals talking to the future of 3D technology. As a forum for discussion, the latest epic "Avatar" and other features of the day utilizing 3D technology, bring together thoughts and insight into how the industry will change over the coming months. Audience responsiveness is also anticipated as the new technology impacts theater, home television and outdoor events.
