Family Caregivers Unite!
Archives Available
March 16th 2010:Security for Family Caregivers and their Families

Michael Power is a Toronto-based lawyer who advises public and private sector clients on privacy and information risk management issues. Tom Warren is a former police officer with the information security and data forensics company, Net-Patrol, which he founded. In 'Security for Family Caregivers and their Families' they discuss fraud, robbery, violence and other forms of harm resulting from criminal activity in which people's private information is involved. They explain the ways the bad guys operate. They point out the main methods of protection and prevention that are of interest to fam
