May 10th 2010: "The Life and Work of Dr. Klaus Heinemann – The Orb Project" - World Renowned Scientist, Physicist and Author

Dr. Klaus Heinemann joins David Gibbons to discuss his life's work and journey. As a world-renowned scientist and physicist and after literally stumbling into orbs appearing as bright as light bulbs in photographs he was taking at a spiritual retreat, Dr. Klaus Heinemann immediately sensed that he was onto something profound. There was no choice but to convince himself that his notion was on solid grounds. Heinemann looked at thousands of pictures he had taken earlier, and thousands more would be taken to test the hypothesis that these light circles are nothing less than emanations from Spirit

Klaus Heinemann

Dr. Klaus Heinemann was born in Germany and emigrated to the United States after the Second World War to work as a scientist and physicist. The process of spiritual discovery later became the focus of Klaus' life in the early 1970ies, when he and his wife attended classes and seminars led by the late Dr. Harry and Emilia Rathbun. Their work focused on the mission and book by the late Dr. Henry Burton Sharman, Jesus as Teacher. The Rathbun's own lives' demonstration that the messenger must be congruent with the message has left a life-changing impression on Klaus. Other spiritual teachers who profoundly impacted Dr. Heinemann's life include the Rev. Dr. Ron Roth, who, perhaps more convincingly
