June 09th 2010: Oil Moratorium, Clean Energy, National Ocean Policy!

The growing oil spill disaster in the Gulf is wreaking immediate and lasting damage on wildlife and the economy, environment and human health. Rob speaks with Mike Dunmeyer of Ocean Champions about turning this disaster into some positive actions. What actions are Obama taking to halt new ocean drilling and get strong climate legislation? What are the various clean energy solutions out there to fight the climate crisis and grow a green economy? First step is to reinstate the national moratorium on all new ocean drilling. Second is to set carbon emission reductions and establish a cap and tr
