July 22nd 2010: The Dolphin Community "In Their World ... On Their Terms"

David Gibbons is joined by Dr. Denise Harzing of the Wild Dolphin Project. The oil spill is affecting thousands of fish, turtles, and dolphins in the Gulf of Mexico. Recent footage obtained by activist John Wathen, who flew over the spill, shows dolphins and whales in the oil slick, some belly-up already dead, others struggling to breathe in the toxic fumes. Dr. Herzing commented recently at her website "The sad fact is that most of the animals caught in the offshore spill are probably already dead or doomed. But the suppression both of media and air documentation is a disservice to the publi
