May 25th 2011: A round table discussion on natural cancer therapies

This week, I will be discussing natural cancer therapies with three experts in the field. You will find out what the most potent and well-proven strategies for preventing and treating cancer are. You do have alternatives to barbaric procedures like surgery, chemotherapy, and radiation. Tune in to find out more!

Featured Guest

Ty Bollinger

Ty Bollinger is a CPA, health freedom advocate, cancer researcher, former competitive bodybuilder, and author of the best-selling book *Cancer – Step Outside the Box*. After losing several family members to cancer (including his mother and father), Ty refused to accept the notion that chemotherapy, radiation, and surgery were the most effective treatments available for cancer patients. He began a quest to learn all he possibly could about alternative cancer treatments and the medical industry. What he uncovered was shocking. There is ample evidence to support the allegation that the "war on cancer" is far
