**July 13th 2011: What the Drug Companies Won't Tell You and Your Doctor Doesn't Know pt. 2**

Modern medicine offers many wonders, but an ever-present reliance on medications to cure what ails us is at the core of today's health crisis. Dr. Michael T. Murray will share with you irrefutable evidence that the pharmaceutical treatments for the most common diseases that plague our society are often ineffective and result in serious, widespread side effects—which are frequently hidden from the public. At a time when adverse reactions to over-the-counter and prescription drugs are currently estimated to kill more than 100,000 Americans a year and when Americans use more than 40 percent of a

### Featured Guest

#### Michael T. Murray, Dr.

Dr. Murray is one of the world's leading authorities on natural medicine. He has published almost 30 books on health-related topics, and his research into the health benefits of proper nutrition is the foundation for a best-selling line of vitamins and supplements at Natural Factors, where he is Director of Product Development. He is a graduate, faculty member, and serves on the Board of Trustees of Bastyr University in Seattle, Washington. According to Dr. Murray: "One of the great myths about natural medicines is that they are not scientific. The fact of the matter is that for most common illnesses there is greater support in the medical literature for a natural approach than there is fo
