The Dr. Melanie Show Archives Available February 17th 2011: Western Meets Eastern Medicine

Do traditional medical practices leave you asking if there is something more that can help you? Do you use non-traditional methods, but are afraid to tell your health practitioner for fear they will not approve? Listen to Angela Myers, holistic nurse practitioner talk about how the use of Western and Eastern medical techniques can complement one another. Learn about the QXCI/SCIO machine that Eric Myers, a biofeedback technician uses to identify key problem areas of the body that need addressing.

Angela Myers

Angela Myers, ARNP has over 30 years of nursing experience in hospitals, home health, psychiatric, and academic settings. She completed her Advanced Registered Nurse Practitioner (ARNP) requirements in 1996 through Emory University in Atlanta, Ga. Eric Myers has two BS degrees and is a biofeedback technician. For the last 10 years Angela and husband Eric have operated a holistic functional practice using traditional and alternative medicine. Eric operates the QXCI/SCIO machine and teaches the use of it. The machine is used to assist Angela in determining treatment plans for her patients as well as for wellness, stress reduction, and energy correction.
