August 03rd 2011: Earth Mysteries and the Indigo Children with Hugh Newman

Hugh met some 'indigo children' in Hawaii in 2003 who initiated him into working with the earth's energy grid. Since then, he has researched the subject thoroughly and will explore aspects of his new book looking at the history and new research on global grids that involves ancient maps, sacred geography, 'great earth circles', and ancient metrology. He will also discuss earth energies, geomathematics and leys; and how the ancient megalithic sites around the world were carefully placed by an as yet unknown sophisticated maritime civilisation with a 'plan'.
