**September 07th 2011: Is mobile BI worth it?**

As extended mobile business applications for business intelligence (mobile BI) are gaining momentum, most BI tool vendors are offering a mobile extension to the native BI suite itself. But is mobile BI really just a mobile version of traditional BI? Is implementing mobile BI the same as in traditional BI projects? Is mobile BI secure since now that sensitive data will be provided on a remote device over which an enterprise has little control? Would mobile BI be easier to adopt vs. traditional BI? Is mobile BI a good solution for every kind of data? What about ROI...is it expected to be signifi
