**January 25th 2012:IT Workforce Skills, Competency, and**  
**Engagement: The Road Ahead**

Both IT and the business environment are changing fast! While the spotlight is on technology, what about the IT people who deliver the goods? Where is today's workforce failing? Will traditional approaches to managing the skill, competency, and engagement of our IT workforce continue to be relevant, going forward? What changes in skills and/or competency do we need? Who are the stakeholders who need to come together to build an IT workforce for today and that will still be delivering tomorrow?
