These can be trying times and it can be easy to get so caught up in the day-to-day that we forget about working on those aspects of change that are truly important to us. Most of us believe it is the amount of our resolve - the pure determination - that dictates whether or not we will accomplish our goals. It is all a matter of will power and if our will power is strong enough, then we will succeed. The truth of the matter is, we unknowingly sabotage our own attempts to keep our goals because very few of us know the tools and techniques necessary to succeed!

Eldon Taylor

Eldon Taylor is a New York Times best-selling author and the subject of his books range from exposing the darker sides of mind programming and brainwashing to the spiritual search for life's meaning. In addition to being an author, Eldon created and patented his InnerTalk subliminal technology--the only such technology that has been researched by numerous independent universities and institutions and been demonstrated effective at priming self-talk. Eldon Taylor is an expert in the area of preconscious information processing and has served as an expert trial witness with regards to both subliminal communication and hypnosis. Eldon was a practicing criminalist for over ten years where he supe
