By understanding our interconnectedness we become part of a greater loving totality of life. The experience of Oneness is part of the positive, sustaining power that is the true guiding physics of the universe. Happiness is more than just an "experience" of joy or pleasure, but a state of mind where the person has understood how to feel good about life. We are in control of how we think and feel. This means then we can work towards an end to suffering and discover our limitless mind. Understanding our interconnectedness releases us from our limitations and makes us part of the greater lo
