June 19th 2012: Hospitals Communicating with Family Caregivers

Mary Jane McNally is the Senior Director of Nursing at Toronto Western Hospital and University Health Network, where she provides leadership for advancing academic nursing practice, education, and research. She describes the research she and her colleagues at the hospital are conducting. She discusses the implications of the research for family caregivers. She talks about the evolution of communications with family caregivers whose family members are patients of the hospital, and about role the family caregiver has as advocate for the family member. She discusses the hospital's communications
