**July 25th 2012: You were given a BRAIN for a reason. Are you using it to your full potential?**

As powerful as your brain is, it's equally sensitive and fragile. And most North Americans-people of all ages-have no idea how much they're hurting, their chances of happiness and success by not taking care of it better. This is especially true now, in this era of junk food, stress and drugs, drugs, drugs. That's why it's a smart idea to spend a few minutes with Dr. Kyl Smith. Dr. Smith is a noted researcher, inventor and author who has devoted his entire career to showing people how to keep their brains functioning at peak capacity-so they can get the most out of life. A Brighter Mind is Your
