**January 23rd 2013: The Energetics and Politics  
of Genetically Modified Foods**

Genetically modified foods (GMOs or GM foods) are beginning to make their way into our food supply on a more pronounced basis. As a healthcare practitioner, I find it alarming that more and more patients are having digestive and skin issues, even those who have never historically had a problem in these areas. Join me as I discuss the energetics of all foods, including genetically modified foods, and how they affect your body. My guest today will be Jeffrey M. Smith, author of "Seeds of Deception" and creator of the film "Genetic Roulette", both about GMOs and how they affect our world, Jef

**Jeffrey M. Smith**

International bestselling author and filmmaker Jeffrey M. Smith is the executive director of the Institute for Responsible Technology. His first book, "Seeds of Deception: Exposing Industry and Government Lies About the Safety of the Genetically Engineered Foods You're Eating", is the world's bestselling and #1 rated book on GMOs. His DVD, Genetic Roulette: The Documented Health Risks of Genetically Engineered Foods, documents 65 health risks of the GM foods Americans eat every day. Both are distributed by Chelsea Green Publishing.
