**February 19th 2013: When a Family Member is Dying, a Care List for Family Caregivers**

Tracy Soloninka, a recognized leader in oncology and palliative care, is a vocal advocate for benefits for families when a family member is dying. She describes her work and experience of family caregiving. She explains palliative care and end-of-life care. She discusses the challenges for family caregivers caring for family members who are dying in a hospice or at home, and says what she's learned from family caregivers. She explains family caregivers' information needs relating to medical conditions of their dying family members, support for family members at the end of their lives, and psyc

**Featured Guest**

**Tracy Soloninka**

Tracy Soloninka is a recognized leader in oncology and palliative care. At Durham Regional Cancer Center she's the manager of the outpatient palliative care program. She has extensive experience in the United States and Canada in developing hospice/palliative care home delivery programs. She received her undergraduate degree in nursing from Arizona State University and her Master's Degree in Oncology from the University of Newcastle, Newcastle upon Tyne, England. Her research focus has been on caregiving at end of life and the challenges facing those individuals who commit to supporting a loved one through the dying process. A strong proponent of the right to die at home, she understands t
