**March 08th 2013: Special Encore Presentation: Navigating the Cancer Maze: Why people Heal - Lessons learned from studies of Spontaneous Remissions**

Spontaneous Remission, launched Caryle Hirshberg into the cancer spotlight when it was published in 1993 by the institute of Noetic Sciences (IONS). Co authored by the late Brendan O'Regan; the book filled a gap in research as before that time there was no standard reference for the field of spontaneous remission. The Remission Project charter at IONS was to catalogue the world's medical literature on the subject. The result was an assembly of the largest database of medically reported cases of spontaneous remission in the world, with more than 3,500 references from more than 800 journals in 2
