March 20th 2013: Teach Your Children Well: Are We Breaking Down or Breaking Through?

What if we could expand, not limit, what's possible inside our education systems? How do our assumptions and thinking limit the creativity, drive and learning potential of our kids? What might be possible if we escaped our limiting beliefs that excellence is only available to those our systems deem traditionally "gifted?" What if we're all gifted? Join me for a thought-provoking interview with iPEC's Chief Operating Officer, Susan Gonzales, as we explore the cultural transformation that will put our students, not our students' test scores, first. How can school administrators, principa

Susan Gonzales

Susan is Chief Operating Officer at the Institute for Professional Excellence in Coaching (iPEC) where she manages all operations of the business, including iPEC's coach training programs, which serve educational systems, corporations, small-to-mid sized businesses, governments, law enforcement agencies, and non-profits around the world. With 20+ years of business and educational leadership experience, Susan has a seasoned background in strategic planning, financial management, and program growth and development. While working with educational organizations, Susan was searching for a means to empower, engage, and inspire their leaders to connect and engage their staff and students. W
