April 09th 2013: Special Encore Presentation: Let's Go to the Energy

I have discussed the Chakras, our energy system in great detail. Many guests have assisted in the healing of our emotions, mind, and spirit. You have listened or called in and received physical and energetic realignment of your body's parts. Do you have any idea how this all works? Today I will talk about, and do Reiki treatments. This ancient healing practice shares with us more information about our body's ability to heal. It takes us to a place where we become aware of the inner workings of our body. Join me on March 26th with your questions and ailments.
