Sharon Kleyne Hour Monday at 10 AM Pacific

January 10th 2011: Winston Kao, Inventor, Owner and Senior Researcher of Natural Plus Plus, LLC and L. Dewayne Cecil, Ph.D, Western Region Climate Services Director NOAA-NCDC are talking about our environment today.

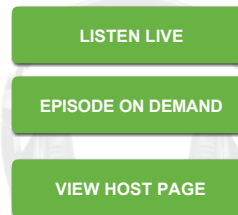

The health of our soil and what to do to control your food supply is today's topic with : Winston Kao, inventor and researcher in the field of agriculture, nutrition, water and soil-based microorganisms. His 25 years of research has resulted in pioneering advanced soil-based microorganism technology and water restructuring technology as it applies to: agriculture, animal husbandry, waste water management, global environmental decontamination, soils, oceans, rivers & lakes and human health. Go to: www.gobeyondorganic.com for more info. Next topic is New Climate Services initiated at NOAA, by
