Tuesday at 7 AM Pacific /10 AM Eastern
June 18th 2013: The Last Mile of Reporting: Staying in Control

Today's buzz: Annual reporting. Reality check: the scope of annual reporting disclosures is growing every year ... not just the financial part, but also the non-financials. If your organization doesn't have the right people, processes, technology, and best practices in place to conquer these intensifying challenges, how can you expect to cross the annual reporting finish line with your collective sanity intact? The experts speak. Jon Church, *cundus*: "If everything seems under control, you're not going fast enough." (Mario Andretti) Mike Willis, PwC: "Standardization of the business report

Featured Guests

Mike Willis

Mike Willis is a partner at PwC, the founding chairman of XBRL International, and founder of WICI. He has also played a founding role in the development of national and international consortia working to develop broad corporate reporting frameworks and related taxonomies.

[Read more](#)

Jon Church

Jon Church is Managing Director of *cundus* North America, a leading provider of business intelligence and reporting solutions. Today, Jon works with some of the largest organizations in North America to implement effective reporting solutions using state-of-the-art technology and industry best practices. He has brought vision and foresight to some of the most challenging issues in technology, including cautioning against the "Year 2000 panic," highlighting the true benefits and risks of outsourcing, and optimizing business process to overcome the challenges of the future.
