June 21st 2013: Chiropractic's role in Biopsychosocial research

Join us for an interesting examination of the ONE Research Foundation. Foundation President Dr. Allen Knecht, a Portland Chiropractor, will explain some of the fascinating research coming out of this innovative organization. The ONE in the title stands for "Our Net Effect" and relates to the large results that can come from consistent small donations by a committed group of individuals pursuing a common goal. The ONE Foundation is the research arm of NET – Neuro Emotional Technique – one of the most sophisticated mind/body healing techniques in science today. Come listen to the profound re
