Fear is Negotiable: Business Survival Skills 101

Archives Available

July 23rd 2013: The State of Utility Resilience in the US

In the world of emergency preparedness, the stability and resilience of our nation's utility infrastructure is arguably one of the most important components. We rely on utilities for the continuation of our business, our comfort and in some instances, our very lives. Join us as we discuss the state of utility preparedness and get a unique behind the scenes look into how utility company's respond to large scale natural disasters such as Superstorm Sandy.
