Dr. Fred Kahn

Dr. Fred Kahn, MD, FRCS(C), is a Diplomate of the American Board of Surgery. For 18 years prior to initiating research in the field of Low Intensity Laser Therapy, he conducted an extensive surgical practice in Southern California and for 8 years served as Chief of Staff at a major hospital in Santa Ana, California. In 1989, he founded Meditech International Inc., which developed the BioFlex Series of Laser Therapy Systems, www.bioflexlaser.com. With basic research, scientific knowledge and clinical expertise, it developed protocols for numerous medical conditions including soft tissue and sports injuries, arthritis, back problems, wounds and many dermatolo
