Breaking Banks Fintech Thursday at 12 Noon Pacific October 17th 2013: Banking 'Perestroika' comes from unexpected quarters in Russia

Russia is one of the biggest emerging economies on the planet, and has one of the largest national banking markets in the world, but innovation comes slowly within the banking sector due to massive technology and process issues. However, in the last few years there has been an explosion of innovation through start-ups, new brands and new technology players that in FinTech that appears second only to Silicon Alley . What has inspired such dynamic change in the Russian banking market? Who are the new players that are making strides, and how are the big banks in Russia responding to these innovat
