### Go Green Radio Friday at 9 AM Pacific

**October 25th 2013: Special Encore Presentation: Fevered – Why a Hotter Planet Will Hurt Our Health**

Linda Marsa is an investigative journalist and contributing editor at Discover who has covered medicine, health and science for more than two decades. A former Los Angeles Times reporter and author, she has just released her new book, *Fevered: Why a Hotter Planet Will Hurt Our Health*, and *How We Can Save Ourselves*. The book includes interviews with the world's leading climate scientists and healthcare experts. Tune in as we discuss the human health implications of climate change, and what we can do to create a more resilient public health system in advance of the crisis.
