**November 05th 2013: Special Encore Presentation:
Information Security: Regulations Regarding Information
Privacy and Security**

The federal and state regulations regarding information privacy and data security are very complex and difficult to navigate. Join us as Brian Dusek, Partner at McCollough, Campbell & Lane LLP, leads us through a detailed, insightful and important discussion of the rules, regulations and how they affect the management of information resources for every kind of business. Mr. Dusek will also give us a vendor-neutral assessment of the importance of cyber-insurance and what types of coverage every business should consider.

Brian Dusek

Brian Dusek is a partner at McCullough, Campbell & Lane LLP in Chicago. He concentrates his practice on the representation of domestic and international insurers in complex insurance coverage claims, particularly those relating to professional liability and technology concerns. Mr. Dusek advises insurers on coverage issues, consults with insurers on policy wording, provides risk analysis and management advice, and represents insurers in coverage litigation. Much of his practice focuses on providing monitoring counsel services to insurers worldwide in connection with claims arising under lawyers' professional liability, cyber-liability and technology, insurance brokers' professional liability
