April 28th 2014: Game Changer with Glen Martin

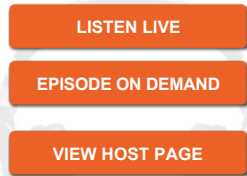

Are conserving wildlife and protecting animals the same thing? My guest today, award winning environmental reporter, Glen Martin, guides us as this question applies to Africa's mega fauna. Conservation planning of large landscapes and species survival includes the cascades of biodiversity that depend upon them. Animal rights, animal activists, and animal welfare consider each individual life as critical, and that none should die because of us. Animal rights restrictions present a challenging paradox for making long-term species survival and large landscape conservation, workable. Glen, through
