The buzz: Risk Your risk managers are being forced to prove that they are adding value to the business. At the same time, they are faced with a range of choices in how and where they implement risk management practices and which, if any, technology innovations to use to drive success. The experts speak. Saret van Loggerenberg, Exxaro Resources Limited: "Governance, Risk and Compliance is not about ticking boxes for compliance sake. Applied correctly, it is a set of interrelated business processes to ensure we create value for shareholders and the broader stakeholder community." Scott L. M
