The buzz: EPM. Innovations in Enterprise Performance Management (EPM) are redefining how organizations around the globe are managing and growing their business. Technologies like Mobility, Cloud, Social and beyond are available to help you understand, react and adapt to changing market conditions, global events, and all-important customer needs, behavior and expectations. Are you ready to embrace these opportunities to become agile and do more than just survive? The experts speak. Steve Sussman, Column5: "Over half of the investments made by companies in analytics tools will be wasted, because
