**May 28th 2014: The Collapse of Materialism**

Can human consciousness be explained by Darwin and materialist science? Does matter exist outside of the mind, with no rationale or direction, the universe created completely by chance? Materialists have held that there is no room for purpose or design. We exist in a random and unconscious universe that has evolved through natural selection. However a very different view of the universe and its creation has co-existed with this point of view. In the alternative version, the universe is the creation of a powerful and purposeful mind, one that exists outside of matter and is the creator of matter
