July 16th 2014: Change Your Space, Change Your Culture, Change Your Productivity

The tools of design, space, and place-making techniques have a powerful effect on the human psyche. Surroundings can inspire dread or enthusiasm, distraction or focus, collaboration or privacy. The office must be designed to stimulate the desired culture and workflow – if it's not, no amount of initiatives or rules will be effective over time. Change Your Space, Change Your Culture by Rex Miller is the practical guide on how to change your business for the better by changing the space. Written by a veteran team of workplace executives, this book reveals the secrets of companies that have disco
