August 12th 2014: Special Encore Presentation: Practical Advice for Handling Lifes Emergencies, Annoyances and Inconveniences Part II

Do you know how much cleared space you should have around your house during fire season? Do you know the difference between the low tire pressure and flat tire gauge in your car? What would you do if the oil light came on? We make assumptions about others coming to our rescue all the time, but in reality, our assumptions can get us into serious trouble. Sometimes you just need to know how to take action yourself. Join us as we get some practical advice from two experts, with topics ranging from handling basic car trouble, to home safety and construction, to life threatening emergencies.

Featured Guests

Guest Image

Dave Wieczorek

Dave Wieczorek was a Division Manager for 30 years with the Ashland Parks Department, supervising landscape design, building, as well as park construction. Prior to that, Dave worked in various capacities within the construction industry. Now that Dave is happily retired, he focuses on his passion, restoring old cars to their former glory.
