**August 15th 2014: Chiropractic Clinician: A Day
in the Life**

A central theory of chiropractic care is that physical trauma, toxicity and emotional stress are major factors disrupting our ability to heal. In a fast paced world, many learn to live with and accept pain, discomfort and physical ailments despite the natural ability to restore and heal with chiropractic care. Dr Jerry Whalen brings 100's of hours of post-graduate training and personal healing experience to help people reclaim their inborn ability to heal. Dr. Whalen's deepest desire is to inspire members of his practice to achieve vibrant levels of health. This is how he helps create wider
