The RAW Truth Archives Available August 21st 2014: Depression...Is It A Disease?

Today's broadcast is in light of the recent tragic death of actor and comedian Robin Williams. The idea that depression and other mental health conditions are caused by an imbalance of chemicals (particularly serotonin and norepinephrine) in the brain is so deeply ingrained in our psyche that it seems almost sacrilegious to question it. Of course Big Pharma has played a major role in perpetuating this idea. Find out what the latest research studies are showing -- It will blow your mind!
