September 23rd 2014: What Family Caregivers should know about Sleep Apnea

Ron Goldstein holds the BSc and DDS degrees. In dental practice, www.drroaldgoldsteinandassociates.com, he became interested in and took training in sleep apnea. He describes his life, career and experience with family caregiving, and says why he included treatment for it in his dental practice. He explains sleep apnea and describes its effects. He explains who can be affected by it, and the ways families and family caregivers become aware that a family member may be affected by it. He stresses the importance of recognizing and treating it. He discusses whether it is well enough understood in

Featured Guest

Dr. Ron Goldstein

Ron Goldstein graduated in 1971 from the University of Toronto with BSc and DDS degrees. He's been in private dental practice, www.drroaldgoldsteinandassociates.com, for 43 years. His interest in sleep apnea led him to advanced residency courses presented by Dr. Steven Olmos at the TMJ and Sleep Therapy Centre in San Diego, California. He furthers his training through membership of The American Academy of Craniofacial Pain Canadian Chapter, The American Academy of Dental Sleep Medicine, The Canadian Academy of Sleep Disorders Disciplines and The Medibyte Users group, for home sleep tests. He speaks to various groups about the health conse
