September 18th 2014: GOALS TURN THE INVISIBLE INTO THE VISIBLE

To be really successful, you must be goal-oriented. This is because goal setting is the first step in turning the invisible into the visible, and like all other activities, it demands an articulate process. Always commit your goal to paper in explicit detail. This will take your goal from a mere wish to an articulated desire. You will now set a deadline for the achievement of this goal, turning the whole exercise into a quantified and time – specific objective. Finally, you will need to draw up your master plan for success, in which you will simply ask and answer seven questions- What do I want
