Turning Hard Times into Good Times

Turning Hard Times into Good Times Tuesday at 12 Noon Pacific

November 25th 2014: The Dollar vs. Gold. An Epic Battle is Taking Shape!

Chen Lin and Dr. Michael Berry return. Paper gold markets have become exceptionally volatile as people are now willing to pay more to borrow gold than dollars. That is highly unusual but it has persisted through much of 2014. Chen calls this an epic battle for gold, but which way will gold tip? Is this the start of a long bear market for gold like that of 1982 or are we poised for the next and final leg in the bull market that started in 2002? We will ask Chen for his thoughts on gold as well as on various energy markets and for some stocks he remains very bullish on. We will get Dr. Berry's t

Chen Lin

Chen Lin, had been a doctoral candidate in aeronautical engineering at Princeton. However, Chen found his investment strategies were so profitable that he put his Ph.D. on the back burner to devote full time to private investing and writing a newsletter titled "What is Chen Buying? What is Chen Selling?" Chen's track record has been phenomenal! In one account we track in which he used no leverage, he was able to grow \$5,411 starting in 2002 to over \$2.2 million by the end of 2012. You can visit his website at <http://chenpicks.com/>

Dr. Michael Berry

Dr. Michael Berry is a pioneer in the emerging field of "discovery investing." He researches and writes on companies that focus on discovery in natural resources, high technology and biotech. From 1982-1990, Michael Berry served as a professor of investments at the Colgate Darden Graduate School of Business Administration at the University of Virginia, during which time he published a book, Managing Investments: A Case Approach. Previously he successfully managed small and mid cap value funds for Heartland Advisors and Kemper Scudder. While at the Darden School, University of Virginia, he was a professor of investments and has held the Wheat First Endowed Chair at James Madison Univers
